

# DSRC Event

## This is ME

Feat. Dr. Susmita Dash & hosted by Sarika

Welcome to the *This is ME* podcast, courtesy the ME Department Student Research Committee. This show will bring you interesting stories from people in and around the ME department in an informal setting. This is your opportunity to get to know your colleagues, friends and department staff under very different boundary conditions. And there are no grades at the end.

Join us for the inaugural *This is ME* podcast, featuring Dr. Susmita Dash!

### HOST/SPEAKER INFO

**Susmita Dash** joined ME@IISc in January 2018. Prior to this, she was a postdoctoral fellow at MIT, USA (2015-2017) and obtained her PhD from Purdue University in 2014. Her research interests are broadly in the areas of micro/nano engineered surfaces, thermal management, droplet evaporation and crystallization. At IISc, she heads the Multiscale Transport and Energy Research Laboratory (MTERL).

**Sarika Shivaji Bangar** is a PhD student working with Prof. Gaurav Tomar. Her research interests are broadly in the areas of two phase viscoelastic flows.

**WHEN?** Wednesday, June 23, 2021, 4:00 pm

–

**WHERE?** Microsoft Teams: [Meeting Link]
