INDIAN INSTITUTE OF SCIENCE

Ensuring Academic Integrity in the Era of Artificial Intelligence

Purna Bose, Senior Solutions Engineer, Turnitin

AGENDA

Understand the importance of Academic Integrity and Original Writing - Impact of generative AI in education - Role of educators and institutions in ensuring students' learning objectives are met - Role of Turnitin.

ABOUT THE SPEAKER

Purna Bose is the Sr. Solutions Engineer for Turnitin, SA; she has 20+ years of professional experience and her prior experiences include delivering learning projects across organizations like IBM and Cognizant. She has helped develop an appreciation of how technology can be leveraged for our overall benefits and her interactions with educators in both secondary and higher education has enabled a keen understanding of the challenges & opportunities of the education sector in South Asia and how best technology can help with those.
